

Kunta

Description

Kunta is a sideboard that not only offers storage functionality, but also transforms the surrounding space with its magnetic presence. Featuring two or three hinged doors in Lacquered Wood, meticulously crafted as if they were folded paper sheets, it evokes the ancient Japanese art of origami. These folds not only add a dynamic visual element, but also create a play of light and shadow that animates the surface. Each space becomes a visual and tactile experience, a narrative of depths and surfaces inviting exploration and engagement.

Kunta is not freestanding and wall fixing is recommended.
Additionally, it offers an inside drawer and a transparent extra-clear glass top as optionals.

Made in Italy.
