

Vogue Cuoio

Design: Stefano Conficconi

Description

The Vogue bed embodies the architecture of wellness, combining refined sophistication with timeless design. Its structure is a harmonious fusion of 1960s rationalist geometry, characterized by clean, squared shapes, and an oriental-inspired appreciation for expansive surfaces meant for resting body and mind. The result is an elegant alcove where precise, straight lines enhance this elegant design. The mattress is not included.

Made in Italy.
