

Atollo

Design: Ambrogio Sala

Description

In a modern living room it is essential to combine aesthetic appeal with the functionality of accessories. Atollo is a coffee table that offers a versatile solution thanks to the sliding top, which opens onto the practical storage compartment.

The combination of the different wood and color finishes allows you to give the living room a more sober and elegant or a colorful and modern touch. The tops are veneered in ash wood. Sliding top in fiberboard on storage compartment. A functional and practical low table with an elegant design. Made in Italy.
