### *Description*

Fixed dining table with rounded lines, where the sturdy and solid base, made in the shape of a truncated cone with painted metal bars, seems to contrast with the table top, which is essential and light in appearance.

This elegant combination becomes a sophisticated design, regardless of whether you choose the table top in wood, tempered glass or polished natural marble. The top is offered in veneered wood (1"1/8 th.), in tempered glass (3/8" th. or 1/2" th.) with electro-welded supports or in polished natural marble (3/4"th.). Made in Italy.
