

## Tiffany

*Design: Elena Viganò*

### Description

Elegant chest of drawers that looks like a sculpture with veneered ash wooden structure. The drawers are equipped with Bluemotion guides, with fronts in solid ash wood.

The real peculiarity of this element are the grooved drawers, carved to create a wavy pattern. The shadows create play of chiaroscuro, making this object always different depending on the angle from which it is admired. The Bluemotion system also ensures a safe closure of the drawers.

The Tiffany chest of drawers not only furnish your bedroom with a unique design, but also is perfect to use it as a cupboard to enhance any living area. Made in Italy.
