

Tiffany

Design: Elena Viganò

Description

Elegant nightstand with veneered ash wooden structure. The drawers are equipped with bluemotion guides, with fronts in solid ash wood.

The real peculiarity of this nightstand are the grooved drawers, carved to create a wavy pattern. The shadows create play of chiaroscuro, making this object always different depending on the angle from which it is admired. The Bluemotion system also ensures a safe closure of the drawers. The Tiffany line furnishes the bedroom with a unique design. Made in Italy.
