

Auriga

Design: Giovanni Luca Ferreri

Description

This high-end bar cabinet is part of an Italian luxury line designed by the architect Giovanni Luca Ferreri, evoking the true origins of Modernity. It embodies colors and narratives that reflect a rich figurative culture, inspired by the essence of the place and its people.

The Auriga's details pay homage to Hellenic art and culture, with subtle yet meaningful references—most notably, the bridle of the famed Auriga of Delfi masterpiece, which becomes a defining element of the console's base. It is also available without bridles.

Made in Italy.
