

Crono

Design: Giovanni Luca Ferreri

Description

The Crono luxury bed—inspired by the Nordic tradition—is wonderfully defined by the strength of its sinuous lines. Its headboard features a sturdy wooden frame that supports the upholstered section, embellished with sophisticated button tufting. The wooden buttons, carefully coordinated with the frame, enhance its harmonious design. The frame is upholstered in leather with visible stitching, adding a touch of artisanal detail. Completing the look, the sculptural metal feet provide both stability and a striking visual contrast. Each and every single piece of this refined collection is born from the geometries and shapes of nature.

Slats included, mattress not included.

Lumbar, decorative, roll and back cushions are available as optionals.

Made in Italy.
