

Alta

Design: Patrick Norguet

Description

Alta elevates the very idea of comfort, translating it into a form that is soft, generous and welcoming, also visually. The volume of this lounge chair, inspired by a ball of cotton, is generated by the horizontal element that compresses the material and defines its form, inviting users to take the weight off their feet and relax. Made in Italy.

Technical information:

Upholstering: Fabric or leather. Not removable.

Structure: Solid fir wood. Structural elements in multilayer wood panels in class E1, infills in faesite.
