

# Altana

*Design: Monica Armani*

## *Dimensions*

The Altana luxury day bed offers precise and elegant architecture inspired by altane, the typical Venetian roof terraces—protected places for meeting and relaxing.

The distinctive features of the collection are the wooden legs with an ovoid section, which intersect at 45° with the base, generating interesting interior solutions. Characterized by taut, tapered lines and projecting volumes, this high-end day bed was designed to offer optimal comfort.

One decorative square soap-shaped cushion and two backrest cushions are offered as optionals.

Made in Italy.

## *Finishes & Materials*

**Backrest Frame:** Wood.

**Seat Frame:** Steel.

**Padding:** Polyester fibre and polyurethane foam.

**Upholstery:** Fabric or Leather.

**Feet:** Solid wood with Finewood or Lacquered finish.
