

Biza

Design: Monica Armani

Dimensions

With a reference to Byzantine architecture and the domes of St. Mark's in Venice, the luxury Biza sectional features soft, organic yet precise and orderly shapes.

The hallmark of the design is the projection of the backrest volume in relation to the tapered base, on which it rests together with the seat cushions. The curved lines of this high-end sectional, designed with extreme elegance, create objects that are never taken for granted and are suitable for many situations.

Thanks to the modularity of its modules, it is possible to obtain linear or enveloping solutions, generating infinite configurations for the living area.

Backrest cushions are included. Quantities may vary with composition.

Optional decorative cushions are available, with recommended amounts depending on the setup.

Made in Italy.
