

## Biza

*Design: Monica Armani*

### *Dimensions*

With a reference to Byzantine architecture and the domes of St. Mark's in Venice, the luxury Biza sofa features soft, organic yet precise and orderly shapes. The hallmark of the design is the projection of the backrest volume in relation to the tapered base, on which it rests together with the seat cushions.

The curved lines of this high-end sofa, designed with extreme elegance, create objects that are never taken for granted and are suitable for many situations.

This Italian designer Sofa offers maximum comfort and invites you to indulge in relaxing moments in the living area. The possibility of customization in the wide range of LAGO fabrics makes it possible to create a piece of furniture that gives an unprecedented feeling of softness.

Backrest and decorative square knife-edge cushions are offered as optionals.

Made in Italy.
