

## Kyma

*Design: Matteo Nunziati*

### *Description*

Lounge chair with structure in MDF, plywood and solid wood, padded with Polyurethane foam in different densities. Armrests in solid ash stained walnut. Black painted metal feet. Made in Italy.

Kyma is characterized by a wooden structure that holds a “pocket” in leather, inside which the cushions seem gently resting. This element, entirely made of leather, enhances the feeling of lightness and suspension. The cushions are configurable in fabric or leather.

### *Dimensions*

39”3/8W x 43”1/4D x 33”1/2H
