

Caterpillar

Design: Duccio Di Segna

Description

Whimsical yet refined, this set of two Caterpillar sculptures (small and medium) is a celebration of transformation, meticulously sculpted from luminous glass from Colle Val d'Elsa, Italy's legendary center of glass art. With its gentle curves and graceful rhythm, the caterpillar is handcrafted in exquisite detail, capturing both innocence and quiet potential.

Symbolizing growth, evolution, and quiet wonder, this piece adds a touch of nature's poetry to luxurious interiors. A rare harmony of charm and sophistication, crafted for those who appreciate subtle beauty and enduring meaning. Made in Italy.
