

Deer

Design: Duccio Di Segna

Description

Sleek and serene, this crystal Deer sculpture embodies the quiet grace of nature, exquisitely formed from the luminous crystal of Colle Val d'Elsa. With elongated lines and a poised silhouette, the deer is sculpted to reflect both elegance and strength, its presence both tranquil and commanding.

A symbol of gentleness, intuition and natural beauty, this sculpture brings a touch of the wild into refined interiors. Effortlessly stylish, it is a celebration of craftsmanship, form and the timeless allure of the natural world perfect to enhance any home with sophistication. Made in Italy.
