

Duck

Design: Duccio Di Segna

Description

This duck sculpture is expertly crafted from the renowned crystal of Colle Val d'Elsa, where centuries of Italian artistry meet modern refinement. With smooth, flowing contours and luminous clarity, the sculpture captures the quiet charm and natural poise of the duck in timeless form.

Radiant under natural or ambient light, the crystal captures movement and strength in still form, making it a powerful centerpiece and a testament to heritage craftsmanship. A distinguished addition to any refined collection or interior. Available in the versions with the duck looking up or looking down. Made in Italy.
