Description

A timeless symbol of wisdom, strength and grace, this exquisite set of two elephant sculptures is crafted from radiant crystal from Colle Val d'Elsa, the prestigious Italian epicenter of fine glass craftsmanship.

Sculpted with meticulous attention to detail, their forms are simultaneously powerful and serene, arched trunks, sculpted ears and subtle movement brought to life by the luminous clarity of premium crystal. Elegant individually, imposing as a pair, these sculptures evoke a serene grandeur. The set of two Elephants is not merely decorative, it is a celebration of heritage, craftsmanship and the enduring symbolism of loyalty and nobility. Made in Italy.
