

Frog

Design: Duccio Di Segna

Description

Charming and sophisticated, this quartet of frog sculptures is exquisitely crafted from the luminous crystal of Colle Val d'Elsa, where centuries of Italian glassmaking tradition meet modern refinement. Each frog in the set is unique and has a different size, creating a dynamic ensemble that evokes movement, rhythm and natural grace.

Whether displayed together as a conversation piece or individually as accents of whimsy and elegance, this set brings a sense of serenity, playful balance and refined artistry to any curated collection.

Made in Italy.
