

Ox's Head

Design: Duccio di Segna

Description

A powerful symbol of resilience, dignity, and unwavering strength, the Ox Head Sculpture is a striking masterpiece sculpted from pure crystal from Colle Val d'Elsa, the crown jewel of Italian crystal. This imposing sculpture captures the noble essence of the Ox with extraordinary realism and artistic sensibility.

The broad, sculpted forehead, strong muzzle, and elegantly curved horns are meticulously detailed, and each contour reflects light with spectacular brilliance. The exceptional clarity of the crystal amplifies the bold geometry of the form, projecting prismatic reflections that enliven any sophisticated space. Made in Italy.
