Description

Charming, symbolic, and sculpturally exquisite, this Family of Pigs set, comprised of Daddy Pig, Mommy Pig and Baby Pig, is a radiant celebration of unity, prosperity and timeless Italian craftsmanship. Meticulously sculpted in pure Colle Val d'Elsa crystal, each figure reflects the exceptional clarity and brilliance that have made this Tuscan crystal a hallmark of luxury since the Renaissance.

The forms are stylized yet expressive, together they form a harmonious trio that evokes togetherness, protection and joy, evoking both familial affection and the ancient symbolism of good fortune associated with pigs across cultures. Whether placed in a refined centerpiece or in a glass display case, the ensemble exudes whimsical charm and artistic sophistication. Made in Italy.
