## *Description*

Charming yet exquisitely refined, this sculpture of a rabbit holding a carrot is a masterful expression of sophistication elevated to art. Crafted from the radiant crystal of Colle Val d'Elsa, renowned for its unmatched clarity and brilliance, this piece balances delicate craftsmanship with a sense of gentle delight.

The rabbit stands with poised grace, its expression tender and curious, as it clasps a finely sculpted carrot with both innocence and pride. Light dances across the crystal's smooth surfaces, revealing the expert detailing in each curve. This set of crystal sculptures is a luxurious interpretation of simplicity, joy and craftsmanship. A perfect blend of character and elegance, it brings refined charm to any sophisticated environment. Made in Italy.
