

## Rearing Goat

*Design: Duccio di Segna*

### *Dimensions*

9"7/8H

### *Description*

A symbol of vitality, determination, and indomitable elegance, this Rearing Goat sculpture is masterfully sculpted in radiant crystal from Colle Val d'Elsa, the renowned birthplace of fine glass art in Tuscany. Captured in motion, with its front legs and head raised in a gesture of pride and defiance, the goat's dynamic form conveys strength and energetic grace.

Handcrafted by Italy's most skilled artisans, this piece is not merely decorative, but a sculptural embodiment of resilience, energy, and sophisticated design. Imposing yet refined, the Prancing Goat is a statement of confidence and sophistication, ideal for those who appreciate bold character and timeless craftsmanship. Made in Italy.
