Description

Ethereal and evocative, this seagull sculpture is masterfully crafted from the luminous crystal of Colle Val d'Elsa, celebrated for its clarity and artisanal heritage. Capturing the bird in graceful mid-flight, the sculpture reflects the quiet freedom and coastal elegance of the seagull's spirit.

With refined lines and fluid contours, each detail is sculpted to perfection, allowing light to pass through and dance across its crystalline form. A sophisticated accent for serene interiors, this sculpture speaks to lovers of sea, sky and the enduring artistry of Tuscan craftsmanship.

Made in Italy.
