

Snake On The Base

Design: Duccio di Segna

Description

Elegant and enigmatic, this Snake sculpture captures the essence of transformation, protection and silent power, exquisitely sculpted from world-famous Colle Val d'Elsa crystal. This piece is a refined tribute to the enduring symbolism of the snake and the unparalleled clarity of Italy's most prestigious crystal.

Resting in a balanced coil on its integrated base, the snake's form is simultaneously sculptural and serene. Its fluid curves and raised head suggest alertness and intent, while its minimalist design evokes a sense of restrained energy. The perfect union of base and figure grounds the composition with balance and purpose, allowing the snake's silhouette to soar with serene majesty. A work of subtle power and timeless sophistication. Made in Italy.
