

Tortoise

Design: Duccio di Segna

Description

A masterful fusion of art and tradition, this decorative turtle sculpture is meticulously crafted from the finest crystal from Colle Val d'Elsa. Renowned for its exceptional clarity and brilliance, the crystal captures and refracts light with delicate precision, accentuating every graceful curve and finely sculpted detail of the turtle's form.

The subtly faceted shell evokes a sense of serene strength and timeless elegance, while the soft, flowing lines of the limbs and head imbue the piece with a natural serenity. An emblem of longevity and wisdom, this exquisite sculpture embodies the heritage of Italian craftsmanship and the refined beauty of one of Tuscany's most celebrated glassmaking traditions. Made in Italy.
