

## Sestriere

*Design: Antonio De Marco*

### *Description*

A celebration of craftsmanship and innovation, this luxury set of 2 woven baskets is crafted with Alpi® wood, a refined decorative veneer known for its flexibility and visual warmth. The signature Pinetti weaving, reimagined by Antonio De Marco, brings texture and movement to each piece, while the rich tones of Canaletto walnut add depth and sophistication. The base, finished in regenerated leather, reinforces durability while adding a tailored touch. This set includes one basket with elegant handles for added functionality, and one without, showcasing the versatility of the design. These pieces are as functional as they are decorative—ideal for storing shoes, towels, blankets, magazines, or simply elevating a space with their sculptural presence. Their sturdy construction and eye-catching detailing ensure they stand out whether placed beside a sofa, in an entryway, aboard a yacht, or in a SPA or dressing area. Made in Italy.
