

Ciclotte Exercise Bike

Design: Luca Schieppati & Gianfranco Barban

Description

Teckell® Ciclotte® is a luxury indoor bike combining fitness innovation and Italian design. Its 1"1/8 multi-layer glass disc replaces the traditional frame, supported by a polished stainless steel structure and flexible base that mimics real cycling dynamics. The compact transmission features a high-speed flywheel and 12-magnet resistance system with electronic control and 10 adjustable levels. Ergonomic carbon fiber or painted handlebars and a gel racing seat are fully adjustable. Pedals are spaced just 6 cm apart for optimal biomechanics. Bluetooth-enabled with app compatibility for route simulation and performance tracking. Includes Teckell® Tool Kit, certifications (EU/US/China), and assembly tools. Made in Italy.

Dimensions

43"3/4W x 19"5/8D x 43"3/4H
