Description

The NOHRD ELASKO bars has your full-body & soul training experience in mind. Take advantage of the unique Elasko Fitness concept for a complete workout session, where elongating exercise and stretching are not just meant for warm-up and cool-down, but an integral part of your workout.

It feature a total of six side loops for optimal handle options during your training session, enabling you more precision for performing special deep tissue exercises and six smooth, solid wood rungs are spaced to support and challenge various levels of flexibility during your stretch session.

The fold-out upholstered exercise mat comes in both genuine or artificial leather options. The design ensures safe standing and extra comfort during prone or holding exercise positions.
