

## Agave

Design: García Cumini

### Description

Agave is a collection inspired by the plant of the same name, a symbol of elegance and resilience, reinterpreted in Venetian crystal by designers García Cumini. Its iconic elongated leaf recalls Barovier&Toso's glass-making tradition and is enriched by the dew technique, which enhances its brilliance and three-dimensional texture.

An innovative shaded effect, obtained with coloured glass beads, further enhances the design. This workmanship diffuses light dynamically, evoking the sun's rays filtered through the agave leaves.

Made in Italy.
