

Bocca

Design: Duccio di Segna

Description

A bold expression of sensuality and sculptural refinement, this pair of Bocca decorative sculptures embodies the unmistakable charm of the iconic lip shape, reimagined in the luminous crystal of Colle Val d'Elsa. One piece unfolds freely in its sculptural purity, while the other is elegantly presented on a minimalist base, creating a striking visual dialogue between form and elevation.

Whether displayed as a centerpiece or integrated into a sophisticated collection, these Bocca sculptures celebrate the fusion of Italian artistry, sensual design, and the enduring beauty of Colle Val d'Elsa crystal. Made in Italy.
