### *Description*

Sculptural and striking, this elegant Cactus Mondo decorative piece captures the bold geometry of the cactus through the refined lens of Italian crystal. Handcrafted in Colle Val d'Elsa, Italy's historic capital of fine crystal, each piece is a testament to both the architectural beauty of nature and the purity of crystal craftsmanship.

Composed of a large and a medium-sized cactus, the set features a harmonious play of scale and proportion. Ideal for contemporary interiors or select design collections, the Cactus Mondo set transforms the resilient spirit of desert flora into a timeless and luminous décor. Made in Italy.
