GIORGETTI
Maserati EDITION

Description

Totem in anthracite grey ash, inspired by the shapes of the air vents on Maserati cars. Characterized by millings on the upper part, covered in black leather, designed to support tablets and mobile phones. Two small holes and the shape of the product act as acoustic amplifiers. The frame that separates the top from the bottom is made of titanium-colored lacquer. Additional openings in the frame, also inspired by the lines of the air vents in Maserati cars, optimize sound propagation. The product is available in one size only. Made in Italy.
