

Loop

Design: Filippo Mambretti

Description

Ceiling lamp with metal structure. Central element in mirror polish. Opal methacrylate diffusers. A journey into the lightness of light, a suspended choreography of movement and balance. Two luminous rings, each with a different diameter and set at different heights, create a dynamic play of volumes and perspectives, transforming the space into an ethereal dimension. The upper mirror captures and reflects its surroundings, turning light into a dance of shadows and reflections. Made in Italy.
