

## Asylum

### *Description*

The Asylum lounge chair is not just a seat—it's an experience designed to unsettle. Wrapped in a high-tech carbon fiber sailcloth, this armchair holds a sinister secret: with every touch, its fabric emits an eerie sound, reminiscent of confinement and isolation. This is not mere upholstery; it's a sensory trigger, turning each movement into an unsettling interaction between the user and the object.

### *Finishes & Materials*
