

Dardi

Design: Wave Murano Glass

Description

Dardi is a collection of refined vases made of exclusive Murano glass. The piece is initially hot-worked to obtain a basic shape, which is then flattened and polished with different types of abrasives in the cold-works department, where the glass is finished.

This effect creates unique, modern and elegant pieces that shine like a diamond, creating wonderful light reflections. Made in Italy.

Dimensions

27"1/2 - 31"1/2H

SET OF 2: 2 x 27"1/2 - 31"1/2H
