

Bodyguard

Description

The Bodyguard Sectional embodies a relaxed and contemporary approach to comfort, combining generous proportions with soft, fluid forms. Its informal character and deconstructed aesthetic create an inviting sense of ease, while carefully considered details give the design a sophisticated and distinctive presence.

Generously upholstered cushions define the composition, creating an enveloping seating experience that adapts naturally to different positions. The movable elements and flexible armrests reinforce the sense of freedom that characterizes the design, allowing the sectional to evolve according to the user's preferred way of relaxing.

Bodyguard is conceived as a versatile sectional system, offering the freedom to create compositions suited to different spaces and lifestyles. Its generous volumes and fluid configuration make it particularly suited to contemporary living environments where comfort and visual softness take center stage.

Bodyguard expresses a contemporary vision of relaxation through fluidity, adaptability, and generous comfort, transforming the sectional sofa into an inviting and personal space for everyday living.

Made in Italy.
