

Perseus

Design: Marcel Wanders

Description

This suspension looks like a dazzling explosion of Venetian crystal, carefully balanced in volume, in the alternation of different colours, in the asymmetrical game of the arms. Perseus is composed of many crystal elements that represent a compendium of the glassmaking techniques studied and developed by Barovier&Toso in the course of its long history, here reinterpreted, paired, and mixed in a subversive way with respect to the canons of classicism. UL listed lighting.

Made in Italy.
