

Backdrop

Design: Julie Richoz

Description

Backdrop is a unique creation, crafted with precision and passion from birch plywood, with layers seamlessly fused together using durable fasteners, providing unparalleled solidity. The harmony of its structure is enhanced by two solid wood posts, which integrate perfectly into the heart of the design through wax-treated metal components, a fusion of materials exuding elegance and refinement. A delicate felt fabric drapes over the wooden profiles like a curtain, offering a sensation of softness and warmth. On the front, a quilted duvet, secured with snap buttons, transforms each contact into an enveloping comfort. The duvet, with its soft embrace, invites relaxation, making resting against the headboard a moment of pure pleasure. The wood surfaces are treated with a fine oil, enhancing their natural beauty, protecting them, and imparting a lasting luster. Each headboard is carefully numbered, like an exclusive work of art, destined to tell a unique story. Bed base NOT Included. Made in Italy.
