

Courtoisie

Design: Sam Baron

Description

Courtoisie is born from a meticulous combination of laminated wood and curved plywood, a perfect fusion of shapes and materials coming together to create an extraordinary piece. The ash veneer, with its warmth and natural elegance, envelops the structure, while the refined, defined edges add a touch of sophisticated precision. Each element is then expertly milled to allow for the application of fabric, a process that leaves nothing to chance. In the milling, centimeter by centimeter, the fine Dedar fabric is handwoven, with craftsmanship that makes every single detail unique, as if time itself has paused to make space for beauty. The shelves, suspended yet firmly anchored to the headboard, complete the composition, crafted with the same care and refinement, like a natural extension of the main structure. The wood surfaces are treated with fine oil, enhancing their original beauty and ensuring long-lasting durability, creating a synergy between tradition and modernity. Each headboard is carefully numbered, like an exclusive work of art, destined to tell a unique story. Bed base NOT Included. Made in Italy.
