

Gleam

Design: Alberto Ghirardello

Description

The disk of the wall lamp, finished in mirrored chrome, creates a captivating optical illusion: the glass half-sphere reflects itself, forming the vision of a perfect whole. The result is an ethereal piece with a mysterious, elusive nature—like a luminous portal suspended on the wall. It evokes the enchantment of crossing through a threshold, just as Alice once stepped beyond the looking glass into another world.

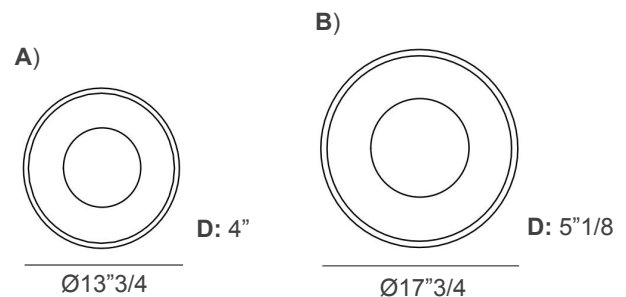

Made in Italy.

Light source: 1 GX53 bulb 6W - 3000°K - 220 Vdc - 560 lm - life time 15.000 hrs - Not dimmable - Energy Efficiency: E

Dimensions

Small: Ø13”3/4 x 4”D

Big: Ø17”3/4 x 5”1/8D

Finishes & Materials

Half sphere: Blown glass with bubble effect internally sandblasted, made in Veneto.

Disk surface: Mirrored chrome.

Disk edge: Metal.
