

Goccia

Design: Wave Murano Glass

Description

Goccia is a delicate and expressive collection of bud vases, entirely handcrafted from fine Murano glass. As the name suggests, “goccia” meaning “drop” in Italian, the design of each vase captures the fluid, natural elegance of a falling droplet, frozen in time through the artistry of master glassmakers.

The vases are created using a meticulous layering process, in which vibrant colored glass is encased in crystal-clear Murano glass. This technique enhances depth and luminosity, resulting in pieces that feel both organic and radiant. Offered as a set of three, small, medium and large, these bud vases are perfect for bright, airy spaces, bringing a sense of movement and purity to home décor. Made in Italy.

Dimensions

Small vase: 7”1/2H

Medium vase: 9”H

Large vase: 11”3/8H

Set of 3:

Small vase + Medium vase + Large vase
