

Iside & Osiride

Design: Wave Murano Glass

Description

Iside & Osiride is a distinguished collection of Murano glass vases that embodies the perfect balance between tradition, luxury and contemporary design. The piece is at the beginning worked hot to obtain a basic shape, coated with 24k gold or silver leaf. Then it is carved by a diamond wheel in the coldshop, the department where glass is finished.

The result is a sophisticated collection of striking, sculptural vases that feel both timeless perfect for refined interiors, curated displays, or statement-making gifts. Offered as a set of complementary pieces, Iside & Osiride are true works of art, destined to captivate with their elegance, craftsmanship and unmistakable Venetian soul. Made in Italy.

Dimensions

Iside: Ø6"1/4 x 15"H

Osiride: Ø8"1/4 x 14"3/4H

Set of 2: Iside + Osiride
