

Secret Dawn

Design: Wave Murano Glass

Description

Secret Dawn is a refined collection of Murano glass vases and centerpieces that captures the beauty of contemporary craftsmanship and design. Each piece is born in the kiln, where the molten glass is skillfully worked from the hot state to its initial form. It then moves to the cold-work workshop, where master artisans carefully carve the surface with a diamond wheel, revealing intricate textures, subtle gradients and a striking play of light and shadow.

The result is a collection of modern, elegant forms that exude understated sophistication and artistic depth. Offered in a four-piece set, including a round vase, an oval vase, an elongated vase, and an elongated centerpiece, Secret Dawn is designed to be a statement piece, bringing timeless character and sculptural beauty to any interior. Made in Italy.

Dimensions

Round vase: 10"5/8H

Oval vase: 15"H

Long vase: 23"5/8H

Long centerpiece: 31"1/2W

Set of 4:

Round vase + Oval vase

+ Long vase + Long centerpiece
