

# Tulipano

*Design: Wave Murano Glass*

## *Description*

Tulipano is a sophisticated collection of Murano glass vases, inspired by the delicate elegance of blooming tulip petals. Each piece is initially hot-worked by master glassblowers to form its graceful silhouette, and then meticulously hand-carved with a diamond disc in the cold-work workshop, where the surface is refined to reveal smooth textures and intricate details.

This process results in vases that are not only modern and elegant, but also completely unique: no two are exactly alike. With their sculptural shapes and luminous finishes, Tulipano vases become a captivating element in any space. Available in a set of two models in complementary colors, they bring a refined, contemporary charm to both classic and modern interiors. Made in Italy.

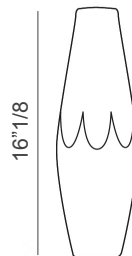

## *Dimensions*

16" 1/8

**Set of 2:**

Model A + Model B

**Model A**  
Green & Topaz

**Model B**  
Grey & Amber
