

Dewy Moldable

Design: Alberto Ghirardello

Description

Forming a sweeping, sculptural ribbon of light, this suspension lamp bends gracefully through space. A connected series of glass diffusers traces a fluid, undulating path suspended by fine vertical wires.

Without an internal core, the composition can create soft shapes in space. End pieces and a kit of individual hooks are provided to shape the composition independently.

Light Source: 1 - 360° neon flex - 24 Vdc - On/Off Switch. - Dimmable on request (0-10V or ELV), please contact us for pricing.
