

Linea

Design: Michele Losito

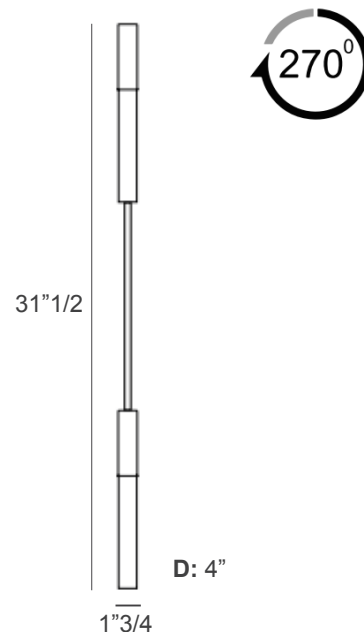

Description

A continuous line that multiplies into two luminous points, extending its brilliance in ambivalent directions. The glass defines the boundary, and beyond it, the horizon begins. Each spotlight is adjustable up to 270°, offering freedom to shape light with precision, transforming the wall into a living composition of reflections. Made in Italy.

Light source: 2 LED star 9W - 4000°K - 12 Vdc - SMD z5m2 - 880 lm - lifetime 30.000 h - Dimmable - Energy Efficiency: E

Dimensions

1"3/4W x 31"1/2H x 4"D

Finishes & Materials

Structure: Iron.

Bushings: Aluminum.

Tube: Borosilicate glass.
