

Moonlight

Description

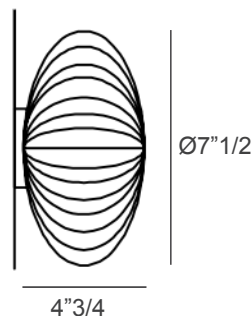

Its sphere glows with a delicate translucence, creating an atmospheric halo reminiscent of the moon rising behind clouds. Both decorative and functional, it enriches walls with a gentle radiance, adding depth and quiet sophistication to interiors. The novelty is the vintage finish, a material consisting of a mix of color and powder, perceptible to the touch and visually. Powder deposition creates unique, different products.

Made in Italy.

Light source: 1 G9 LED x max 7W

Dimensions

Ø7"1/2 x 4"3/4

Finishes & Materials

Structure & Details: Metal.

Sphere: Glass made in Tuscany and decorated in Veneto.
