

Trama

Design: Studio in Project

Description

Inspired by the intricate interweaving of fabrics, Trama combines the transparency and purity of glass with the sophisticated structure of straight tubes. Each element, meticulously worked, recalls the delicacy of the intertwined threads, creating a play of light and shadow that dances in space.

This Italian luxury lamp features a 360° Neonflex light source, that lights up the borosilicate tube along its whole length.

Made in Italy.

Finishes & Materials

Tube: Borosilicate glass.

Bushings: Turned aluminum.

Tube Ends: Molded metal.
