

10:30

Design: Anderssen & Voll

Description

10:30 combines geometric contours, comfort and lightness, minimising materials and the overall dimensions of volumes, therefore enhancing versatility, environmental friendliness and sustainability.

With a solid ash wood frame painted with bleached oak or black open pore finish. Plastic springs are housed in the seat for enhanced comfort, seat and backrest in fire-retardant polyurethane foam and polyester fibre. Removable cover in fabric, leather or imitation leather. Felt feet. Made in Italy.
