

Girouette

Design: Pierre Gonalons

Description

The Girouette Suspension Lamp is a luminous dance suspended in time, a lightweight sculpture that pays tribute to the elegance and dynamism of 1950s design. Its refined structure is crafted from metal sheets with a cross-satin finish, achieved through expert belt sanding, then nickel-plated in a gold galvanic bath and finally lacquered for a radiant, enduring brilliance.

Finishes & Materials

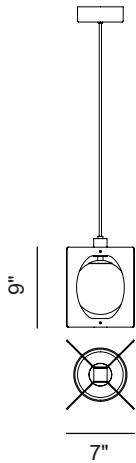

Structure: Metal.

Diffuser: Glass.
